PROFESSIONAL SUMMARY

The IT career is my main focus that I have for my life's work. I have huge respect for those who have worked in this field. I see this being fit for my future, and I do not want to give up on making this my mastery in a career. I know I can take on responsibility and come out on top. I'm willing to bet on myself to push my limits and grow in this constantly growing career.

Experience

Lone Star Creekside - IT Technician 3

The Woodlands, Texas • 02/2026 - Present

- Respond to high/low priority tickets. Troubleshooting any hardware devices

- - Managing Microsoft Azure/ Microsoft Configuration Management to appropriately manipulate devices to the corresponding requirements. Installing/Managing Images, Applications, Firmware, and Scripts
- - Setting up rooms for conferences and classes
- - Translating IT to different departments for proper communication barriers.

Digital Domain – IT Field Technician

Katy, Texas • 03/2024 – 05/2025

- Learned the importance of precision, timing, and focus; skills directly transferable to fast-paced bar service.
- Communicated effectively with diverse clients, a skill that builds strong guest relations in hospitality.
- Maintained tools, paperwork, and workflow, mirroring the organization required for inventory and bar setup.

Arrow Electrical Services – Warehouse Manager

Magnolia, TX • 06/2023 – 03/2024

- Ensured inventory and supplies were always accurate and ready, comparable to keeping a bar fully stocked and organized.
- Balanced responsibility of tools, vehicles, and equipment; developing habits of accountability and consistency.
- Upheld standards daily, building persistence in high-pressure environments.

Home Depot – Electrical Associate

Magnolia, TX • 04/2022 – 03/2023

- Maintained six aisles to “storefront-ready” standards, translating into bar cleanliness, presentation, and speed of service.

- Provided customer-first support, answering questions and recommending products, a direct reflection of upselling and customer interaction behind the bar.
- Learned the importance of posture, gratitude, and attitude when working with both customers and team members.
